## OBJECTIVE

To obtain a position in graphic/web design that leverages and augments my creativity, talents, leadership abilities, and near-workaholic ethic.

## SKILLS

- A lifetime of ubiquitous and formal experience with PC, Mac, and Linux operating systems
- Back-of-my-hand knack with Photoshop, Illustrator, InDesign, and Dreamweaver
- Expertise with web standards code in XHTML, CSS, PHP / basic grasp of Javascript and Flash
- Well-seasoned in Email marketing, filesharing, and FTP programs
- Extraordinarily (and perhaps abnormally) driven designer with an acute attention to detail, highly creative mindset, fast workpace, and ability to adapt to the needs of any task

## EDUCATION

### STATE UNIVERSITY OF NEW YORK AT NEW PALTZ

AUG '05 - PRESENT

Degree: Bachelor of Fine Arts  
Major: Graphic Design  
GPA (in-major): 3.43

## EXPERIENCE

### WEB DESIGNER

AUG '08 - PRESENT

*Ashworth Creative // Rhinebeck, NY // ashworthcreative.com*

I hand-craft beautiful, friendly, and accessible websites (along with some print materials), collaborating directly with clients to ensure they're getting exactly what they want and then some. I make it a point to design cleanly and code quickly.

### CREATIVE DIRECTOR

AUG '07 - PRESENT

*Cornerstone Services, Inc. // New Paltz, NY // crst.net*

Cornerstone is primarily a bulk mail firm. I design envelopes, postcards, newsletters, brochures, other mail-friendly materials, logos, websites, and complete branding identities for local businesses, politicians and Chambers of Commerce. Essentially, my job is to make sure that, when a client asks "Can you do this?", the answer is always yes.

### GRAPHIC DESIGNER

FEB '07 - APR '08

*Greystone Partners // Poughkeepsie, NY // greystonepartners.net*

Promoted within two weeks (involving several 12-hour days and a 26-hour trip to North Carolina), from unpaid intern to entry level designer. You've got to earn your chops somehow. Greystone gave me a sense of design practicality and determination.

## HONORS
